➤ MORE INFO

Salon owner since 2019, with a very and busy organized shedule, clean, comfortable and tidy place. Opening at 9am and closing at 7pm from monday to saturday, sometimes working on sundays for extra clients that couldn't attend during the week.

Built up a modern place with professional tools and brands, offering the clientele such a variant of hair services.

Studied 2 years in a very renowned hair academy in my local city called "Visage". Finishing I started working in a formal hair salon called "Claudia Andrea" until 2019, then I opened my own place as I mentioned.

Been qualified in huge brands as Loreal and Pravana with their training courses, and some more in my local city of the latests hair brands and techniques.

Very empathic towards clients and people in general, having a deep and clear understanding in customer service, and careful listener to client's hair desires.
