

Daniela Joulieth Perlaza Tapia

Esteticist And Chemical Engineering

I am a professional with solid leadership skills, highly oriented toward problem solving and efficient time management. I stand out for my ability to work as a team, promoting creativity and the achievement of common objectives, all with a multicultural sensitivity that allows me to adapt to diverse environments. I am committed to continuous learning, which drives me to quickly acquire new skills. My determination, self-motivation and attention to details ensure the delivery of quality results, always maintaining high standards in my professional performance.
