

# **Daniel Alejandro Quintanilla Carvajal**

## **Medical Doctor**

### **Profile**

Medical doctor with a comprehensive approach to healthcare, characterized by diligence, kindness, and leadership.

My analytical skills complement my ability to solve problems and communicate effectively, whether delivering positive or difficult news.

I am passionate about promoting healthy lifestyles and prescribing exercise as part of preventive care. My experience in emergency care has

equipped me to act under pressure, delivering high-quality care in critical situations. I am committed to providing humane and compassionate

treatment to my patients, consistently aiming to offer holistic service.
