Profile and Objectives

Eclectic teaching methodology and IB training. Analytical capacity to propose strategies and solutions, with performance in any area of the profession (teaching, interpretation and translation). Proactive qualities in the development and achievement of goals of the Institution. Ability to perform in areas of didactics and English grammar. Dynamic and creative teacher, committed to student learning and progress. Continuous search to encourage human values and develop basic skills such as teamwork and decision making.

I am interested in constantly training myself in order to meet the new demands of the market in which I operate (as a teacher or interpreter). Contributing to the institution with my experience in different universities, colleges, schools and national companies; as well as my experience abroad (Japan).
