

Jarenka Belén Miranda Véliz
Agricultural Engineer

ID: 19.393.769-1

Email: jarenka.miranda@gmail.com

Phone: +56 9 6182 8687

Location: Valparaíso, Chile

Professional Summary

Agricultural Engineer specialized in Viticulture and Enology. I have nearly 3 years of experience as an Academic Management Coordinator, providing me with strong administrative skills and high problem-solving capacity under pressure. I have worked in university teaching for 2 years, specifically coordinating the Crop Production course at the School of Agronomy, Pontificia Universidad Católica. Additionally, I participated in a FIA project to adapt and implement the Systems Approach, gaining experience in social management and fieldwork.

My motivation to keep learning and contribute in new environments drives me to seek new professional challenges, both nationally and internationally.
