

Francisca Araya Alvarado

Professional Nurse

PROFESSIONAL PROFILE

Professional University Nurse graduated on 2021 from the University of Playa Ancha. Her strong social and interpersonal skills, along with her ability to adapt and integrate into new, diverse, and multidisciplinary teams, enable her to perform optimally in the workplace. With experience in caring for adult and pediatric patients of varying complexities, she seeks to contribute to safe and high-quality care, and to create optimal work environments for both her own professional development and that of the entire team. Commitment, responsibility, patient-focused care, and a willingness to learn are some of her strengths.
