PRISCILLA MELGAREJO BAHAMONDES

I'm energetic, enthusiastic, I like to work as a part of a team and also on my own initiative, I'm really good at listening to people and finding what they want, I like to make others happy. I have worked in many volunteer organizations. In this way, I have facilities to accept leadership, understand new ideas and make decisions, even in under pressure situations. As a nurse I have learned to be organized, very clean, reliable and professional. Also I'm responsible, I have never been late for my work. And I'm humble and mature enough to ask when I need help. I think those are important skills to do a good job and to be able to contribute better to the company.
