

Larissa Luzia da Rocha Costa

I am an outstanding professional with more than 3 years of experience working in the front desk in a hotel of the brand Accor Hotels and onboard in cruise ships from MSC Cruises as well. I'm successful in giving the highest quality of customer service, focusing and promoting the guest satisfaction always.

I am also considered a multitask employee who developed many skills dealing directly with guests in under pressure environments and became a better and emphatic professional.

With many positive feedbacks from coworkers, evaluation and guests, I truly believe I can cooperate with the team in order to offer the best customer service.
