OBJECTIVE

I'm interested in the Recreation staff position on a cruise ship because I love creating fun and memorable experiences for guests. I have experience organizing activities and leading groups, and I enjoy making sure everyone has a good time.

Working on a cruise would allow me to combine my love for travel with my passion for providing fun activities. Plus, my English skills would help me work in an international setting, giving me the chance to pursue better job opportunities and higher pay. My goal is to help guests enjoy their time on board with activities that match their interests.
